raised hell on board. Taking advantage of the chaos and the terrorists' senselessness, Neerja leapt into action at this point of time. She shed all her hesitation and fears and worked her way around **evacuating** as many passengers as she could. She could have run away for she knew the escape routes well, but she didn't. She waited selflessly in the face of death to help the ones around her.

As she was about to exit herself, she noticed three children who were left in the flight. They needed her help in escaping. As the brave-heart rescued the kids, she was hit by the bullets fired by one of the terrorists. The wounds **inflicted** were fatal, and Neerja eventually succumbed to them. By a cruel twist of fate, this heroic young girl passed away.

2. Why did Neerja alert the pilots?
3. What happened when the terrorists lost their patience?
